**Altoga WSC (PWS 0430026)** violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Title 30, Texas Administrative Code (30 TAC), Section 290, Subchapter F. Public water systems are required to properly disinfect water before distribution, maintain acceptable disinfection residuals within the distribution system, monitor the disinfectant residual at various locations throughout the distribution system, and report the results of that monitoring to the TCEQ on a quarterly basis. Results of regular monitoring are an indicator of whether or not your drinking water is safe from microbial contamination.

Type of violation: **DLQOR**

This violation(s) occurred in the monitoring period(s) **2Q/2018**.

This was a record delivery violation only. The monitoring of the distribution system was performed as required.

We are taking the following actions to address this issue:

The documents have been delivered to TCEQ
